

HAZAL ERTEN

Textile Engineering Student

I am a person who is highly motivated, eager to learn, curious, and open-minded. I believe that growth is driven by the ability to adapt and overcome challenges by thinking outside the box. My primary objective is to develop a vision for making a meaningful contribution to the textile industry and to become a key player in its evolution.

VOLUNTEER EXPERIENCE & PROJECTS

Documenting and Visualizing the Workflow/New Processes

NTT DATA Business Solutions Turkey

(05/2024 - Present)

Initiated a special project on our Wiki platform in collaboration with our agile coach. The aim is to strengthen our new team, maintain the quality of the work we have taken over, guide the new team members and make their business planning visible using Miro.

Vice-President for Projects

Board of European Students of Technology (BEST)

(09/2019 - 10/2020)

Local BEST Group Izmir - Responsible for new and ongoing events, project timelines and schedules, organization of 11+ long-term and short-term projects, coordination of main organizers and core teams.

Local Events on Education Izmir

Board of European Students of Technology (BEST)

(12/2019)

The conference event for the exchange of ideas between academics, companies & professionals and students. LEoE Izmir was held in Turkey for the first time, and since 2019, BEST Izmir has been organising this event on an annual basis.

Case Study Competition

Board of European Students of Technology (BEST)

(11/2019)

This is a Social Responsibility Project via Ege University and BEST for high school students. As a creator and the main organizer of the project, my aim was improving analytic thinking for students who wants to interest with engineering.
